

**IRON-
WORK
FOR
INTERI-
ORS**

madebytheforge.co.uk

A blacksmith is shown in a workshop, focused on his craft. He is wearing a dark shirt and a brown leather apron. He is using a tool to work on a piece of metal, which is held in a vice on a wooden workbench. A large, bright shower of sparks is erupting from the point of contact, illuminating the scene. The background is dark and filled with various tools and equipment, suggesting a well-used forge.

WHO WE ARE

MADE BY THE FORGE

is a team of committed, positive blacksmiths and craftspeople, each of whom care deeply about the exceptional pieces of wrought ironwork they make for you. As well as forging curtain poles, kitchenware and designer lighting featured in this brochure, Made by the Forge can fashion bespoke ironwork working closely with you to create a long cherished item for your home or business. We offer a personalised and easy shopping experience, on and offline.

LIGHTING

WELCOME TO A LIGHT LESS ORDINARY...

Made by the Forge brings you an exclusive lighting collection, handcrafted from wrought iron by British blacksmiths designed by some of the best British designers. The creativity and craft poured into these highly desirable designer lights is evident from one glance. Their startling nature makes them the centrepiece of any space. Both in the shadow of the traditional and the bright gleam of the cutting edge, Made by the Forge's Lighting Collection will astound and delight.

WIN DOW DRES SING

FOR THE BEST DRESSED WINDOWS...

If a window makes a room, our striking poles and finials make that window shine.

Made by the Forge's wrought ironwork displays world-class craftsmanship. Beautiful to look at, handcrafted with extreme care and quite unique, the ironwork is made to last a lifetime.

"Made by the Forge's ironwork displays a consistently high quality and is beautifully handcrafted. I know I can rely on Richard to deliver the goods."

Ngila Boyd, Interior Design and Decoration

20MM CUR- TAIN POLES

Our ironwork is hot-forged and made to measure to your requirements. Online, we have made it so easy for you to find instructions on how to simply measure up your window – helpful videos included - and calculate the price of the pole and finial.

"Our Austrian curtain lady came to measure up today and was highly enthusiastic about your craftsmanship. "Almost a shame to hang the curtains on them. The rods look so good as they are!" was her comment – praise indeed!"

Hugh, a satisfied customer

Each curtain pole is handmade from a solid 20mm iron bar. Two finishes available; matt black or beeswax.

BALL & CAGE FINIAL

20cm long, Cage widest point 9cm

BUTTON FINIAL

5.5cm long, Button diameter 4cm

CANNONBALL FINIAL

10cm long, Ball diameter 5cm

HONEY DIPPER FINIAL

13cm long, widest diameter 5cm

RAM'S HORN FINIAL

15cm long, Horn width 13cm

THUMPER FINIAL

8.5cm long, 5.5cm wide

25MM CUR- TAIN POLES

Our thicker 25mm diameter hollow curtain poles are perfect for heavy curtains and large windows where a longer pole is needed. They feature a high quality, smoother texture finished in either burnished wax or matt black.

Please go online to see a video showing you the differences in finishes.

*"For our large windows and heavy curtains we needed a larger section of pole and finial...
Made by the Forge's 25mm pole was perfect."*

Rachel

CURTAIN BRACKETS & RINGS

Taking your choice of either 20mm or 25mm curtain poles into consideration, we will supply the correct matching brackets and rings.

CURTAIN POLE BRACKETS (STANDARD)

Our standard curtain pole brackets are very strong and will really stand out with the shepherd's crook design.

Projection: 6.5cm on 20mm poles, 7cm on 25mm poles.

CENTRE BRACKET

Perfect for where space is limited or your pole length is over 2 metres. They are suitable to be used as a centre bracket above your window and also as the standard bracket in tight spaces.

Projection: 6.5cm on 20mm poles, 7cm on 25mm poles.

CEILING BRACKET

These can be made to a bespoke measurement and have been designed to be used when you do not have room for a conventional wall bracket.

PASSING BRACKETS & RINGS

The combination of passing bracket and rings will allow your curtain to be smoothly drawn through this extra supporting bracket. A must-have with bay poles or poles over 4 metres long.

DOUBLE BRACKETS

For those pampered windows with two sets of curtains and two parallel poles.

RECESS BRACKET

Designed to accommodate poles for mounting in a window recess or tight spaces.

CURTAIN RINGS

20mm pole: 4mm thick with a smaller circle added in for you to hang your curtain from. 41mm outside diameter, 33mm internal diameter.

25mm pole: 4mm thick with smaller ring, 45mm outside diameter, 37mm internal diameter.

For all curtain product measurements and projections, please see online

CURTAIN HOLD- BACKS & TIE- BACKS

*Main Image; Button, Cannonball
and Thumper Finial Holdbacks*

Insets from top:

*Ball & Cage, Honey Dipper,
Ram's Horn, Tie Back Hooks*

HOLDBACKS

Used by interior designers, a Made by the Forge curtain holdback is that elegant, finishing touch your curtains and windows would desire if being shown off at their very best. There is a choice of six holdback finials to complement your choice of curtain pole.

TIE BACK HOOKS

Bespoke options available if you have extra thick or thin curtains.

Finishes - beeswax or matt black paint or burnished wax.

BE-SPOKE BAY WIN- DOW CURTAIN POLES

Made by the Forge specialises in solid, made to measure, bay window curtain poles. Go to our website to find our easy to follow instructions and helpful videos on how to measure and install your bay window pole. Online, it is very easy to price the pole of your choice.

"My client was really pleased with her poles... and she would like some more!"

Ilene Bussell, Curtain Choice

KITCHEN PAN RAILS & RACKS

Practical and good looking is a great combination. Give your kitchen the gift of order and beauty with Made by the Forge's kitchen pan racks.

All rails include 2 standard brackets and are available at 90cm or 115cm with 7 or 10 hooks respectively.

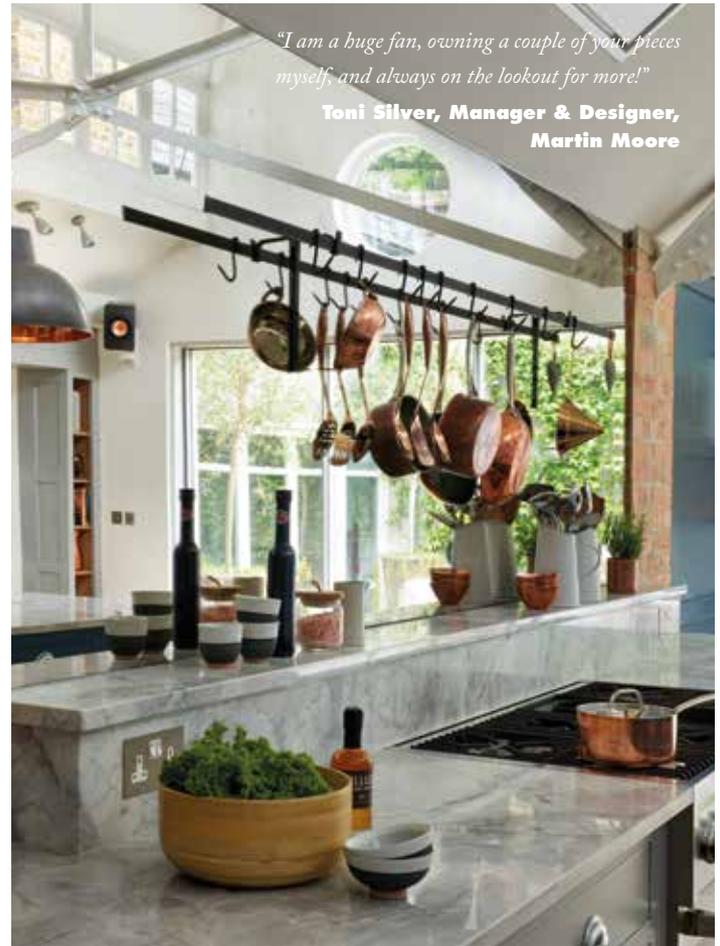

The rails come in two finishes, matt black and beeswax.

Main Image; Bespoke pan rail.

*Insets from top; Hawthorn Rail,
Blackthorn Rail Cannonball,
Blackthorn Rail Thumper.*

Forged Point also available.

"I am a huge fan, owning a couple of your pieces myself, and always on the lookout for more!"

**Toni Silver, Manager & Designer,
Martin Moore**

SHELF BRACKETS

If it's bothering you, shelve it! Floor space is your space. Get that stuff up on a shelf and out of the way. We would need to know in millimetres the internal projection, i.e. the depth of bracket from wall to outside of shelf (from 80mm to 300mm).

Made from incredibly strong iron, 30mm wide by 8mm thick, finished in black or natural beeswax.

Wooden shelf not included
Screws supplied

"The staff at the forge were very helpful in adapting our order to exactly what we needed. Quality product with quality service at a very good price."

Dr. Guillem Bernat

DOOR HANDLES & OTHER THINGS

DOOR HANDLES

Forged from flat bar with a rectangular profile. Hand finished in locally sourced beeswax or matt black paint.

Screws supplied with handles

Small 14cm long x 3.5cm high

Large 18.5cm long x 3.5cm high

TOWEL RAIL THUMPER TOWEL RAIL CANNONBALL

Both towel rails are hand forged from a 16mm solid bar.

Length: 64 cm

Available in matt black finish

All our rails are supplied ready to fit and include screws

Made by the Forge can take your bespoke designs and turn your imagination into handcrafted, wrought iron pieces which will add a certain rustic charm to any interior. Old fashioned spaces or contemporary places, iron just works. Large or small, almost anything is possible. If you can dream it, we can create it.
