

# Farrier's Cage Teardrop

"Farrier's Cage Collection", the teardrop cage light is perhaps the most traditional style light cage in the collection, but equally displays a contemporary feel. It combines the modern design flare of Anthony Dickens with Richard's time honoured skills as a blacksmith in the forge. The teardrop cage light is home to a distinctly vintage teardrop style squirrel light bulb that gives a beautiful warm light.

The teardrop cage light is the smallest in the collection and is ideal for hanging in a group to create a unique iron chandelier.

Finish: Natural beeswax

Height: 20 cm

Width: 14cm

Weight: 680 grams
